

Splashy

Sensory Bottle

You will need:

Non-transparent plastic bottle with lid
(so that the sound is the main focus of the activity)

Water

Strong glue

Tape (optional)

Method

1. Half fill the bottle with water.
2. Secure the lid with hot glue or superglue. You may also wish to tape around the lid for extra security.
3. Shake, spin and slide the bottle to hear the splashy sounds.
